# Correction to: household preferences for reducing greenhouse gas emissions in four European high-income countries: does health information matter? A mixed-methods study protocol

Alina Herrmann<sup>1\*</sup>, Helen Fischer<sup>1,2</sup>, Dorothee Amelung<sup>1,2</sup>, Dorian Litvine<sup>3</sup>, Carlo Aall<sup>4</sup>, Camilla Andersson<sup>5</sup>, Marta Baltruszewicz<sup>4</sup>, Carine Barbier<sup>6</sup>, Sébastien Bruyère<sup>3</sup>, Françoise Bénévisse<sup>3</sup>, Ghislain Dubois<sup>3</sup>, Valérie R. Louis<sup>1</sup>, Maria Nilsson<sup>5</sup>, Karen Richardsen Moberg<sup>4</sup>, Bore Sköld<sup>5</sup> and Rainer Sauerborn<sup>1</sup>

## Correction

After publication of the article [1], it has been brought to our attention that the titles of Figs. 4 and 5 have been transposed. Figure 4 should be titled “Overview on HOPE Study Protocol” and Fig. 5 should be titled “Tasks in the three rounds of the on-site simulation in Interaction 2”. The original article has been revised to reflect this.

Following the publication of the erratum [2], it has been brought to our attention that the wrong version of Fig. 5 was included in the original article [1]. The correct version of the article is shown below.
