

Bulletin of Online Emendations to Papyri
4.1 (December 3, 2014)
Rodney Ast and James Cowey (eds.)
Institut für Papyrologie, Universität Heidelberg
Marstallstrasse 6, D-69117 Heidelberg

Emendations appearing in this bulletin have been entered online at www.papyri.info/editor/ via the Papyrological Editor (PE), and have been vetted by members of the PE's editorial board.¹ The list contains corrections that were adopted between December 19, 2013 and December 3, 2014. They have not appeared previously in print and are presented together here for ease of reference and review. The arguments and supporting evidence that have been adduced in order to substantiate proposed changes can be found in the “Editorial History” section at the bottom of the page following each text in the databank.

Note on conventions: when a contributing author states explicitly that the proposed emendation has been checked against a published photograph or publicly accessible digital image we indicate this with the phrase ‘(from photo)’. Information about the photo or a link to the image (or both) can be found in the header of the text in question. If an author has consulted a photo that is not in the public domain, we indicate this with ‘(from a photo)’. If a reading has been verified against the original we write ‘(from original)’.

Papyrological citations are provided in accordance with J.D. Sosin et al. (eds), Checklist of Editions of Greek, Latin, Demotic and Coptic Papyri, Ostraca and Tablets, <http://papyri.info/docs/checklist>.
