## Acknowledgements.

My thanks to Prof. Dr. Albrecht Abele and Prof. Dr. Manuela Welzel for their advice and their support during my work on this study. My thanks, too, to all my students who have helped me during the fieldwork in this study. My deepest thanks, finally, to my wife, Kawther, my sons, Ra'ed, Mohammad, Hassan, and my daughters, Wa'ed, Shahed, who did some help in so many ways to ease the burden of the work.

At the same time, I do not forget the people of Germany who treated me during my stay in Heidelberg as member of the family, really, they are friendly, and very social. Thus, full thanks to all those people.

## Dedication

To my wife "Kawther";

And our five beloved children:

Ra'ed, Wa'ed, Mohammed, Shahed, and Hassan;

And my parents.
